PROBABLE MISSILES AT ASSEMBLY AND CHECKOUT BUILDING LAUNCH COMPLEX "G" TYURATAM MISSILE TEST CENTER

All measurements have been made by the NPIC Technical Intelligence Division, with the exception of the width of the assembly and checkout building ("A" on this drawing) and the dimensions of one of the probable missiles ("D" on this drawing). These measurements were made by the CIA/IAD project analyst. They should be considered as approximate and must not be taken as official NPIC mensuration data. The NPIC/TID measurements are considered to be accurate within ± 10 feet.
